# Knock-Down Steel Drum

Myers provides the formed, welded and nested components for assembly with a “knock-down” system. Over sixty (60) shells can be nested on one pallet.

- Offered in 55 gallon capacity
- Includes welded bodies, bottoms and covers for both open-head and tight-head drums

**RoundTrip™ Collection: Have empty drums you want picked up? Call us at 1 (800) 406-9377**
